Re: CERCLIS Site #ILD 063698971
Perma-Treat of IL
Williamson County

Dear Mr. Ford:

In response to your May 16, 1991 letter concerning the proposed Perma-Treat CERCLIS site in Williamson County the Department has the following comments.

There are no sensitive areas (sensitive areas form attached) within the 0- $\frac{1}{4}$, $\frac{1}{4}$ to $\frac{1}{2}$ or $\frac{1}{2}$ to 1 mile radius of the site.

For your information a road killed badger (on DOC's "watch list") was found on the Veteran's Hospital grounds (in the $\frac{1}{4}$ to 1 mile radius) in 1987.

Relative to the 15-mile water pathway we are unaware of any sensitive aquatic species occurrence in this area.

Thank you for the opportunity to comment.

Sincerely,

Richard W. Lutz, Supervisor
Impact Analysis Section
Division of Planning

— = NIA (None in Area)

TARGET DISTANCE CATEGORIES

SENSITIVE ENVIRONMENTS	On-site	0-1/4 mile	1/4-1/2 mile	stream milage
I. Critical habitat for Federally designated or proposed endangered or threatened species	—	—	—	—
II. Habitat known to be used by Federally designated or proposed endangered or threatened species	—	—	—	—
III. State ^{FEDERAL} wildlife refuge	—	—	—	CRAB ORCHARD NATIONAL Wildlife Refuge *
IV. Spawning areas critical for the maintenance of fish/shellfish species within a river system	—	—	—	—
V. Terrestrial areas utilized by large or dense aggregations of vertebrate animals for breeding	—	—	—	the befige *
VI. Habitat known to be used by State designated or threatened species	—	—	—	—
VII. Habitat known to be used by a species under review as to its Federal endangered or threatened status	—	—	—	—
VIII. State lands designated for wildlife or game management	—	—	—	—
IX. State designated natural area	—	—	—	—
X. Particular areas, relatively small in size, important to the maintenance of unique biotic communities	—	—	—	—

If any of the sensitive areas identified above exist within the designated target distance limits, please push an asterisk (*) in the appropriate column.
